Environmental Compliance Monitoring Services in India

In today's rapidly evolving regulatory landscape, environmental responsibility is not just a legal obligation—it's a business imperative. We provide comprehensive environmental monitoring and compliance services, helping industries meet statutory requirements, reduce risk, and build sustainable operations.

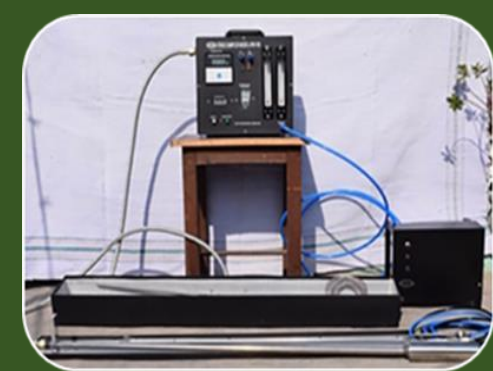

Our Services

1. Environmental Monitoring

We offer end-to-end monitoring solutions aligned with guidelines from the Central Pollution Control Board (CPCB), respective State Pollution Control Boards (SPCBs) and Factories Acts.

Air Quality Monitoring

- Ambient Air Quality Monitoring (AAQM)
- Stack Emission Monitoring (Process Stack, Boiler stack and DG stack)
- Indoor Air Quality Testing
- Ventilation Surveys
- Illumination Monitoring
- Workplace monitoring

Water & Wastewater Monitoring

- Effluent Testing
- Sewage Analysis
- Groundwater & Surface Water Testing
- Drinking Water Quality Testing.

Noise & Vibration Monitoring

- Industrial & Ambient Noise Monitoring
- Occupational / workplace Noise Exposure Studies
- D.G. Set Noise monitoring for insertion loss

ENVIRONMENTAL INTELLIGENCE FOR RESPONSIBLE GROWTH

Environmental Monitoring | Regulatory Compliance | Sustainability Advisory

- Vibration monitoring for Average Velocity, Machine Category

Soil & Hazardous Waste Analysis

- Soil Testing
- Hazardous waste Analysis
- Leachability testing (TCLP)
- Compost Testing

2. Environmental Compliance & Regulatory Approvals

We assist organizations in obtaining and maintaining mandatory environmental clearances and consents as per Indian regulations, including:

- Consent to Operate (CTO), its renewal and related compliances
- Baseline data collection for EIA and Environmental Clearance (EC)
- EPR (Extended Producer Responsibility) Registration
- Environmental Statement (Form V) Preparation
- Hazardous Waste Returns (Form IV) and Manifest Reports.
- E-Waste Annual Returns (Form III).
- Batteries & Specific Waste Returns
- Compliance Reporting & Audit Support
- Six Monthly Self Audit Reports

We ensure adherence to the Environmental Protection Act, 1986 and other applicable rules issued by the Ministry of Environment, Forest and Climate Change (MoEFCC).

3. Baseline Data Collection for Environmental Impact Assessment (EIA)

Our experts conduct Baseline Environmental data w.r.t. ambient air, noise, water, soil and socioeconomic details required for Environmental Impact Assessments in line with the EIA Notification and MoEFCC guidelines, including post-clearance Compliance Monitoring.

Industries We Serve

We support compliance and sustainability initiatives for:

- Manufacturing & Heavy Engineering

- IT and Data Centers
- Logistics Parks
- Ports and Harbors
- Pharmaceuticals & Chemicals
- Power Plants & Renewable Energy
- Infrastructure & Real Estate
- Oil & Gas
- Mining & Minerals
- FMCG & Food Processing
- Other Process Industries

Why Choose Us?

- ✓ MoEF&CC and NABL-associated laboratory partnerships
- ✓ Experienced environmental Professionals
- ✓ Ability to expand PAN India
- ✓ Timely reporting & regulatory coordination
- ✓ Transparent pricing & end-to-end support

Our Process

1. Site Assessment & Requirement Analysis
2. Sampling & Monitoring by Trained Experts
3. Laboratory Testing & Data Interpretation
4. Compliance Documentation & Submission
5. Ongoing Monitoring & Advisory Support

Commitment to Sustainable Growth

We believe that economic development and environmental protection must go hand in hand. Our mission is to help businesses achieve regulatory compliance while minimizing environmental impact and enhancing long-term sustainability
